A white rose in a glass vase on a striped tablecloth. The rose is in focus, with its petals clearly visible. The vase is a simple, clear glass. The tablecloth has dark and light vertical stripes. In the background, there are blurred white plates and silverware, suggesting a wedding reception setting.

## Your Wedding

### GETTING READY

Getting ready is more than zipping up your dress or straightening a tie! This is the time when the bulk of your wedding details will be captured. Careful planning and construction will be spent on making this part of the day seamless.

### CEREMONY

Transitioning to the ceremony can happen in a number of ways. Perhaps you would like to see each other prior to alleviate those wedding day jitters! We can create opportunities to shoot different groupings between the getting ready portion of the day and when the ceremony takes place. Know that every moment will be captured while you exchange your vows with your love.

### GROUP PORTRAITS

Rest assured, we have a detailed plan when it comes to taking those family pictures! Careful planning and execution will make this portion of the day move flawlessly. We strive to shoot a great core set of images with the wedding party and allow enough time to make some or all of cocktail hour if you wish!

### COUPLE'S PORTRAITS

Throughout the day we will capture a variety of images of you together as a couple. Our favorite part of the day is always our last set of images (at sunset)!

### RECEPTION

Finally! A time to kick back and relax. Dinner, speeches and the cake cutting are just a few of the events to potentially plan for. Every wedding is different and unique. Trust that we will capture everything, down to the smallest detail!

#### I. CONTRACT AND RETAINER

Our booking process is done entirely online! If you decide you would like to move forward, a booking link will be sent to you via email. You will be able to view and sign the contract and pay the \$1000 retainer. The retainer will be put towards your selected wedding collection.

#### II. ENGAGEMENT SESSION

Contact us to set up your engagement session. Most clients set this up 9-12 months prior to the wedding but there are no rules!

#### III. QUESTIONNAIRE

Six weeks prior to the wedding you will be sent a detailed wedding questionnaire. We require this to be completed before we have our final meeting before the wedding!

### HEIRLOOM ALBUMS

Our trademark albums are offered in a variety of shapes and sizes. Each album comes with a linen texture finish on the pages and your choice of five different leather cover options. Each album is custom designed and is sent for approval before going to print!

### ARCHIVAL PRINTS

Our archival prints are designed to be framed without glass. They are adorned with a lustre coating and fine linen texture. Each print is mounted with a double weight matboard, preventing warping and bending of any kind.

### FRAMES

We are proud to offer a variety of framing options. Our most popular frame is a distressed repurposed barnwood. Each frame is unique and selected specifically for you and your print. Other options include black or cream painted or metal.

### TURNAROUND TIME

Your wedding gallery is archived online for a period of one year after the wedding. At any time you can place any print or heirloom product order. Your custom pieces will be delivered within two weeks of the order placement.
